JANAKIRAMAN SRIHARIVISHNU

Software Developer

SUMMARY

- I am becoming a software developer specially I had some hands on experience in HTML, CSS and Bootstrap. For Backend Using Core Java. I often rely on illustration development because I have a knack for that field. Besides that I also have an advantage in building a new design.
- Previously I was a cloud administrator with 10+ months of internship experience in the area of computer networks, cloud computing, cloud and system administration. And I managed the technical issues like network based and hardware and software based issues. Now I'm looking for Software Developer and testing roles.

EDUCATION & CERTIFICATIONS

B.E.in Mechanical Engineering

Aug '15 - May '19

Sri Eshwar College Of Engineering

Coimbatore, IN

- Even I studied in mechanical engineering I'm more passion in programming. despite i'm a mechanical engineering I can develop and testing perfectly as per customer needs. I would like to start my career as a good software Developer and tester.
